

DOMETIC COOLPRO TCX 14

PORTABLE THERMOELECTRIC COOLER, 14 L

Cooling and heating wherever you go

The Dometic CoolPro TCX 14 is a highly efficient, energy-saving thermoelectric cooler thanks to special electronics and an intelligent power-save circuit. Boasting many of the benefits of the popular Dometic CoolPro series such as easy portability, convenience and reliable performance. A wear-resistant fan provides dynamic interior ventilation and assists cooling down to 27 °C below ambient temperature or heating to +65 °C. Along with a fresh new design, the TCX includes new safety features for electrical connections. Compact and lightweight, take this cooler wherever you go!

FEATURES

- Convenient 12 or 24 V DC and 230 V AC cooler
- Cooling down to 1°C (max. 27°C below ambient temperature), heats up to +65°C
- Active battery protection prevents deep discharge of the vehicle battery
- Very efficient TC special electronics with intelligent power-save circuit
- Seven-level temperature regulation
- Priority circuit for mains operation
- Wear-resistant fan for dynamic interior ventilation

ENERGY SAVING

Intelligent power-save circuit

VERSATILE

Operates even in tilted positions

HIGH-PERFORMANCE LUXURY

Soft-touch control panel: perfect down to the last detail

DOMETIC TCX 14 SPECIFICATIONS	
Ref No.	9600014289
Dimensions (W x H x D) mm	303 x 328 x 450
Net Weight	5.8 kg
Gross Volume	14 l
Storage Volume	13.5 l
Refrigeration Technology	Thermoelectric
Energy Class	A++
Climate Class	T
Input Voltage (AC)	220 - 240 V
Input Voltage (DC)	12/24 V
Rated Input Power (AC)	64 W
Rated Input Power (DC)	46 W (12 V DC)/50 W 24 V DC
Power Consumption in Eco Mode	8.5 W

Mobile living made easy.
